Publisher's Note: From 2017 all articles published in Midwifery will be immediately assigned online to an issue upon receipt of author proof corrections, resulting in immediate publication for our authors, without the need to wait as an Article in Press. We wish to make our readers aware that this will result in a Table of Contents where the page numbers do not always run sequentially.

Abstracted/Indexed in: ASSIA, British Nursing Index (BNI), CINAHL, CIRRIE, CISTI, Current Contents/Social & Behavioural Sciences, Emcare, ENB Health Care Database, Index Top 100™, MANTIS, Medis (Online), MEDLINE, OCLC FirstSearch, PubMed, Research Alert, Science Citation Index Expanded, Thomson Scientific SciSearch, VINITI. Also covered in the abstract and citation database Scopus®. Full text available on ScienceDirect®.
